Subject: Rule 21, Section F.6

Chuck,

Your posted model tariff deleted F.6, Sunset Provision, but since the incorporation of D.05-08-013 is not going to be accomplished by December 31, 2005, we need to put this section back in and change the date to after February 25, 2006. It could be December 31, 2006. Also, since the February filing will be an AL and the decision does not specify an Application, we may want to change the word "application" to "Advice Letter".

This is a relatively urgent matter and could be added to the other changes filed before the end of this year. Therefore, please put it on the Dec. 14 agenda.

Thanks and good night,

Werner
